

SiriusXM Reports First Quarter 2024 Operating and Financial Results

- First Quarter 2024 Revenue of \$2.16 Billion; Up 1% Year-Over-Year
- Ad Revenue Up 7% Year-Over-Year
- Net Income of \$265 Million; Diluted EPS of \$0.07
- Adjusted EBITDA of \$650 Million; Up 4% Year-Over-Year
- Free Cash Flow of \$132 Million; Down 8% Year-Over-Year
- Company Reiterates 2024 Financial Guidance

NEW YORK – April 30, 2024 – SiriusXM today announced first quarter 2024 operating and financial results, including revenue of \$2.16 billion, an increase of 1% compared to the first quarter in 2023. The company recorded net income of \$265 million in the first quarter of 2024 compared to \$233 million in the prior year's quarter. Net income per diluted common share was \$0.07 in the first quarter of 2024 compared to \$0.06 in the first quarter of 2023. Additionally, the company reported that its ad revenue increased 7% compared to the same period in 2023, offsetting a 1% drop in subscription revenue in the same 2023 period.

Adjusted EBITDA was \$650 million in the first quarter of 2024, up 4% compared to the first quarter of 2023 with a 30% EBITDA margin, the result of higher revenue and lower fixed costs.

"I'm pleased to share solid first quarter financial results, underscored by record ad revenue for a first quarter and strong consumer engagement with our newly-released content," stated CEO Jennifer Witz. "And while still in its infancy, we are starting to see promising early indicators from new users of our recently rebuilt SiriusXM app. We have significantly stepped-up the pace of experimentation and innovation, a critical lever in our mission to deliver improved subscriber performance while maintaining a disciplined approach to spending in our focus on profitability."

"Our reiterated guidance for revenue, adjusted EBITDA, and free cash flow reflect the predictability of our business model and the levers we have for cost efficiencies, even as we continue the investments in our satellites and next generation platform," stated Tom Barry, Chief Financial Officer. "We continue to expect our subscriber results to improve from 2023, and we should see similar seasonality in 2024, with better year-over-year subscriber performance beginning in the back half of the year. Following the completion of the Liberty transaction, we plan to maintain our target leverage ratio of mid-to-low three times adjusted EBITDA and expect to be back in this range in the second half of 2025."

SEGMENT HIGHLIGHTS

Sirius XM Holdings operates two complementary audio entertainment businesses — one of which is referred to as "SiriusXM" and the second of which is referred to as "Pandora and Off-Platform." Further information regarding these two segments will be contained in the company's Quarterly Report on Form 10-Q for the quarter ended March 31, 2024. The financial highlights below exclude the impact of share-based payment expense.

SiriusXM First Quarter 2024 Segment Highlights

SiriusXM Total Subscribers of 33 Million

SiriusXM self-pay subscribers decreased by 359,000 in the first quarter of 2024, resulting from a decline in trial starts in late 2023 and seasonally higher first quarter churn. Self-pay monthly churn of 1.7% for the first quarter of

2024 rose from 1.6% in the first quarter of 2023, with the bulk of the increase attributable to vehicle-related churn driven by higher new and used car sales this year. Paid promotional subscribers during the quarter decreased by 86,000, primarily due to a shift to unpaid trials at certain automakers. The SiriusXM vehicle trial funnel ended the first quarter of 2024 at 7.5 million, compared to 7.2 million at year-end 2023 and the first quarter of 2023.

SiriusXM Revenue of \$1.7 Billion

SiriusXM's total revenue was \$1.7 billion in the first quarter, a 1% decline compared to the prior year period. The decline was driven by a lower average base of self-pay subscribers, which drove a 1% decline in subscriber revenue for the quarter. Average revenue per user (ARPU) during the first quarter of 2024 increased \$0.07 to \$15.36 compared to the \$15.29 recorded in the corresponding 2023 period.

SiriusXM Gross Profit of \$993 Million and Gross Margin of 60%

Total cost of services at SiriusXM increased by 2% to \$674 million for the first quarter of 2024 compared to the corresponding quarter in 2023. Gross profit at SiriusXM totaled \$993 million, a decrease of 2% compared to the 2023 period, producing a relatively flat gross margin of 60%, one percentage point lower than the prior year period.

Expanded Content Offering

SiriusXM continued to deepen and evolve its content lineup in the first quarter of 2024, highlighted by the successful launch of the SiriusXM exclusive series "This Life of Mine" with James Corden, rapidly becoming one of the top three on-demand talk shows. Featuring interviews with celebrities like Kim Kardashian and Dr. Dre, the show has boosted the company's media presence and attracted new listeners. In parallel, SiriusXM continued to expand its podcasting investments during the quarter, significantly enhancing its advertising reach, while also carving out unique content experiences to drive interest and engagement to SiriusXM's flagship service. The recent introduction of Crime Junkie Radio, led by Ashley Flowers, founder of audiochuck, is one such example. With initiatives like these, SiriusXM reinforced its unique content offerings, driving subscriber interest and strengthening its audio entertainment offering.

Product Highlights

In the first quarter of 2024, SiriusXM expanded the adoption of its 360L platform, most notably by signing a new agreement with Hyundai and Genesis that integrates 360L into vehicles this year, and by rolling out 360L-enabled Mercedes-Benz and Subaru vehicles, the latter of which enabled new SiriusXM features in nearly half a million vehicles already on the road via an over-the-air update. Additionally, SiriusXM's 360L platform for the Android Automotive Operating System began rolling out in the popular Nissan Rogue and on the new Ford and Lincoln Digital experience, which debuted in the new Lincoln Nautilus.

Pandora and Off-Platform First Quarter 2024 Segment Highlights

Pandora and Off-Platform Self-Pay Subscribers of 5.9 Million

Self-pay subscribers of the Pandora Plus and Pandora Premium services decreased by 64,000 during the first quarter of 2024 to end the period at 5.9 million.

Pandora and Off-Platform Revenue of \$495 Million

Pandora and Off-platform revenue of \$495 million during the first quarter of 2024 increased 7%, or \$33 million, compared to \$462 million in the prior year period. Advertising revenue in the Pandora and Off-Platform segment of \$362 million increased 8% in the first quarter of 2024 compared to the \$334 million recorded in the prior year period, driven by podcasting and programmatic revenue.

Pandora and Off-Platform Gross Profit of \$143 Million

Total cost of services of \$352 million in the first quarter of 2024 remained flat compared to \$351 million recorded in the 2023 period. Subscriber revenue of \$133 million in the 2024 quarter increased 4% year-over-year while advertising revenue increased 8% to \$362 million. This resulted in a gross profit in the Pandora and Off-Platform segment of \$143 million for the first quarter of 2024, an increase of 29% compared to the prior year period, and produced a gross margin of 29%, 5 percentage points higher than the prior year period.

Product Highlights

This quarter SiriusXM released new ad technology with the introduction of Synthetic Voices from AdsWizz's AI Ad Tools. This new tool enables small and medium sized businesses to dynamically adjust their audio messaging using a variety of AI-generated voices, enhancing both the efficiency and the customization of audio ads.

ADDITIONAL FINANCIAL HIGHLIGHTS

During the first quarter of 2024, the company generated \$132 million in free cash flow, an 8% decline when compared to the \$144 million recorded in the prior year period. The decrease was attributable to an increase in content and other vendor payments, partially offset by lower satellite capital expenditures for the quarter. In addition, in the first quarter of 2024, the company invested approximately \$187 million in carbon capture tax equity investments and plans to invest an additional approximately \$50 million in the remainder of 2024. These equity investments are expected to reduce the company's cash taxes by approximately \$130 million in 2024. The company anticipates the majority of the \$250 million in net after-tax cash benefits to be realized in the latter part of the seven year investment period.

Subscriber acquisition costs remained flat at \$90 million for the first quarter of 2024. Sales and marketing costs increased by 1% to \$217 million for the first quarter of 2024 compared to \$214 million in the 2023 period. Engineering, design and development costs increased 9% to \$74 million in the quarter in support of SiriusXM's digital product enhancements, and general and administrative expenses decreased by 20% to \$105 million in the 2024 quarter, driven by continued cost optimization and efficiency efforts as well as lower legal costs resulting from litigation insurance recoveries and reduced legal reserves.

In the first quarter of 2024, the company saved approximately \$45 million through cost optimization efforts and consolidation across its businesses.

2024 FULL-YEAR FINANCIAL GUIDANCE

The company reiterated its full-year 2024 guidance for revenue, adjusted EBITDA, and free cash flow:

- Total revenue of approximately \$8.75 billion,
- · Adjusted EBITDA of approximately \$2.70 billion, and
- Free cash flow of approximately \$1.20 billion.

The company's guidance for adjusted EBITDA and free cash flow for 2024 does not include any effects of the proposed transaction with Liberty Media, anticipated to close during the third quarter of 2024. The company expects to revise its 2024 free cash flow guidance following the closing of the Liberty Media transaction. The company anticipates that free cash flow will be reduced by expenses associated with the proposed transaction with Liberty Media and incremental interest expense associated with debt being assumed and incurred in connection with the proposed transaction.

Unaudited Results

Set forth below are our results of operations for the three months ended March 31, 2024 compared with the three months ended March 31, 2023. Legal settlements and reserves and share-based payment expense have been excluded from cost of services line items and presented as their own line items in the table below, as this is consistent with how the segments are evaluated on a regular basis.

Key Financial and Operating Metrics

A full glossary defining our key financial and operating metrics can be found in our Quarterly Report on Form 10-Q for the quarter ended March 31, 2024.

Subscribers and subscription related revenues and expenses associated with our connected vehicle services and Sirius XM Canada are not included in Sirius XM's subscriber count or subscriber-based operating metrics. Subscribers to Cloud Cover are not included in Pandora's subscriber count.

Set forth below are our subscriber balances as of March 31, 2024 compared to March 31, 2023:

As of March 31,		2024 vs 202	23 Change	
(subscribers in thousands)	2024	2023	Amount	%
Sirius XM				
Self-pay subscribers	31,583	32,040	(457)	(1)%
Paid promotional subscribers	1,847	1,984	(137)	(7)%
Ending subscribers	33,430	34,024	(594)	(2)%
Sirius XM Canada subscribers	2,600	2,587	13	1 %
Pandora and Off-platform				
Monthly active users - all services	45,023	46,663	(1,640)	(4)%
Self-pay subscribers	5,944	6,222	(278)	(4)%

The following table contains our Non-GAAP financial and operating performance measures which are based on our adjusted results of operations for the three months ended March 31, 2024 and 2023:

(subscribers in thousands)		For the Three Months Ended March 31,				2024 vs 2023 Change

About Sirius XM Holdings Inc

SiriusXM is the leading audio entertainment company in North America with a portfolio of audio businesses including its flagship subscription entertainment service SiriusXM; the ad-supported and premium music streaming services of Pandora; an expansive podcast network; and a suite of business and advertising solutions. Reaching a combined monthly audience of approximately 150 million listeners, SiriusXM offers a broad range of content for listeners everywhere they tune in with a diverse mix of live, on-demand, and curated programming across music, talk, news, and sports. For more about SiriusXM, please go to: www.siriusxm.com.

This communication contains "forward-looking statements" within the meaning of the Private Securities Litigation Reform Act of 1995. Such statements include, but are not limited to, statements about future financial and operating results, our plans, objectives, expectations and intentions with respect to future operations, products and services; and other statements identified by words such as "will likely result," "are expected to," "will continue," "is anticipated," "estimated," "believe," "intend," "plan," "projection," "outlook" or words of similar meaning. Such forward-looking statements are based upon the current beliefs and expectations of our management and are inherently subject to significant business, economic and competitive uncertainties and contingencies, many of which are difficult to predict and generally beyond our control. Actual results and the timing of events may differ materially from the results anticipated in these forward-looking statements.

The following factors, among others, could cause actual results and the timing of events to differ materially from the anticipated results or other expectations expressed in the forward-looking statements: Risks Relating to our Business and Operations: We face substantial competition and that competition is likely to increase over time; if our efforts to attract and retain subscribers and listeners, or convert listeners into subscribers, are not successful, our business will be adversely affected; we engage in extensive marketing efforts and the continued effectiveness of those efforts is an important part of our business; we rely on third parties for the operation of our business, and the failure of third parties to perform could adversely affect our business; we are migrating our billing system and payment processing function to a new service provider; failure to successfully monetize and generate revenues from podcasts and other non-music content could adversely affect our business, operating results, and financial condition; we may not realize the benefits of acquisitions or other strategic investments and initiatives; the impact of economic conditions may adversely affect our business, operating results, and financial condition; and we may be adversely affected by the war in Ukraine. Risks Relating to our Sirius XM Business: A substantial number of our Sirius XM service subscribers periodically cancel their subscriptions and we cannot predict how successful we will be at retaining customers; our ability to profitably attract and retain subscribers to our Sirius XM service is uncertain; our business depends in part upon the auto industry; failure of our satellites would significantly damage our business; and our Sirius XM service may experience harmful interference from wireless operations. Risks Relating to our Pandora and Off-platform Business: Our Pandora ad-supported business has suffered a substantial and consistent loss of monthly active users, which may adversely affect our Pandora and Off-platform business; our Pandora and Off-platform business generates a significant portion of its revenues from advertising, and reduced spending by advertisers could harm our business; our failure to convince advertisers of the benefits of our Pandora ad-supported service could harm our business; if we are unable to maintain revenue growth from our advertising products our results of operations will be adversely affected; changes to mobile operating systems and browsers may hinder our ability to sell advertising and market our services; and if we fail to accurately predict and play music, comedy or other content that our Pandora listeners enjoy, we may fail to retain existing and attract new listeners. Risks Relating to Laws and Governmental Regulations: Privacy and data security laws and regulations may hinder our ability to market our services, sell advertising and impose legal liabilities; consumer protection laws and our failure to comply with them could damage our business; failure to comply with FCC requirements could damage our business; environmental, social and governance expectations and related reporting obligations may expose us to potential liabilities, increased costs, reputational harm, and other adverse effects; and we may face lawsuits, incur liability or suffer reputational harm as a result of content published or made available through our services. Risks Associated with Data and Cybersecurity and the Protection of Consumer Information: If we fail to protect the security of personal information about our customers, we could be subject to costly government enforcement actions and private litigation and our reputation could suffer; we use artificial intelligence in our business, and challenges with properly managing its use could result in reputational harm, competitive harm, and legal liability and adversely affect our results of operations; and interruption or failure of our information technology and communications systems could impair the delivery of our service and harm our business. Risks Associated with Certain Intellectual Property Rights: The market for music rights is changing and is subject to significant uncertainties; our Pandora services depend upon maintaining complex licenses with copyright owners, and these licenses contain onerous terms; failure to protect our intellectual property or actions by third parties to enforce their intellectual property rights could substantially harm our business and operating results; some of our services and technologies may use "open source" software, which may restrict how we use or distribute our services or require that we release the source code subject to those licenses; and rapid technological and industry changes and new entrants could adversely impact our services. Risks Related to our Capital and Ownership Structure: We have a significant amount of indebtedness, and our debt contains certain covenants that restrict our operations; we are a "controlled company" within the meaning of the NASDAQ listing rules and, as a result, qualify for, and rely on, exemptions from certain corporate governance requirements; our principal stockholder has significant influence, including over actions requiring stockholder approval, and its interests may differ from the interests of other holders of our common stock; the proposed transactions with Liberty Media may adversely affect our business and financial condition: and while we currently pay a quarterly cash dividend to holders of our common stock, we may change our dividend policy at any time. Other Operational Risks: If we are unable to attract and retain qualified personnel, our business could be harmed; our facilities could be damaged by natural catastrophes or terrorist activities; the unfavorable outcome of pending or future litigation could have an adverse impact on our operations and financial condition; we may be exposed to liabilities that other entertainment service providers would not customarily be subject to; and our business and prospects depend on the strength of our brands. Additional factors that could cause our results to differ materially from those described in the forward-looking statements can be found in our Annual Report on Form 10-K for the year ended December 31, 2023, which is filed with the Securities and Exchange Commission (the "SEC") and available at the SEC's Internet site (http://www.sec.gov). The information set forth herein speaks only as of the date hereof, and we disclaim any intention or obligation to update any forward looking statements as a result of developments occurring after the date of this communication.
